## THE MACNEIL STUDIO LTD

Richard Macneil is a self taught artist who has always worked in the creative industry. He has worked in the fields of sculpture, ceramics and graphics both in the UK and internationally. He spent a long time working in the USA. One of his greatest achievements was seeing his artwork residing in The White House. Returning to Worcestershire, England, where he was born and bred, Richard has worked on developing his unique style that he paints in today. His vision is to create "art that appeals to and is accessible to all".
